

Advance Truth-in-Lending Disclosure

Important Terms of the Matadors Community Credit Union

6-MONTH FIXED PROMO RATE HOME EQUITY LINE OF CREDIT

This disclosure contains important information about the Matadors Community Credit Union Home Equity Line of Credit. Please read it carefully and keep it for your records. As used in this disclosure, the words YOU and YOUR mean each and all of the persons who sign an agreement with the Lender, that is, the borrowers. The words WE and US mean the Credit Union, that is, the Lender.

1. Availability of Terms

All of the terms described below are subject to change. If these terms change (other than the **ANNUAL PERCENTAGE RATE (APR)**) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees you paid to us or anyone else in connection with your application.

2. Security Interest

We will take a security interest in your home. You could lose your home if you do not meet the obligations in your agreement with us.

3. Possible Actions

We can terminate your credit line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees if:

- You engage in fraud or material misrepresentation in connection with the line of credit.
- You do not meet the repayment terms.
- Your action or inaction adversely affects the collateral or our rights in the collateral.

We can refuse to make additional extensions of credit or reduce your credit limit if:

- The value of your dwelling securing the line of credit declines significantly below its appraised value for purposes of the credit line.
- We reasonably believe you will not be able to meet the repayment requirements due to a material change in your financial circumstances.
- You are in default of a material obligation in the agreement.
- Government action prevents us from imposing the **ANNUAL PERCENTAGE RATE** provided for or impairs our security interest such that the value of the interest is less than 120 percent of the credit line.
- A regulatory agency has notified us that continued advances would constitute an unsafe or unsound practice.
- The maximum **ANNUAL PERCENTAGE RATE** is reached.

The initial agreement permits us to make certain changes to the terms of the agreement at specified times or upon the occurrence of specified events.

4. Minimum Draw Requirements

The minimal initial credit advance that you can receive is \$30,000. There is no minimum subsequent credit advance amount required to use your line of credit.

5. Draw Period

You can obtain advances of credit for ten (10) years (the “draw period”). During the draw period, payments will be due monthly.

The amount of your minimum monthly payment will be adjusted monthly.

The payment will equal the **FINANCE CHARGE** that accrued on the outstanding balance during the preceding month. The minimum payment will not reduce the principal that is outstanding on your line of credit.

6. Repayment Period

After the draw period ends, you will no longer be able to obtain credit advances and you must pay the outstanding balance over fifteen (15) years (the “repayment period”).

During the repayment period, the amount of your minimum monthly payment will be adjusted in the same manner as during the draw period. The payment will equal the amount necessary to amortize the outstanding balance at the current interest rate over fifteen (15) years, or by the end of the repayment period, whichever is less.

7. Other Payment Information

In no event will your minimum payment be less than \$100.00 unless the outstanding balance on your line of credit is less than that amount, in which case your minimum payment will be the amount of your outstanding balance.

You may make larger payments on your account at any time and you may repay all or any portion of the amounts that you may owe to us at any time without penalty. All payments will be applied first to interest, then to the outstanding balance of the Account.

8. Minimum Payment Example

If you made only the minimum payments and took no other credit advances, it would take 10 years and 2 months to pay off a credit advance of \$10,000.00 at an **ANNUAL PERCENTAGE RATE** of 3.99%. During that period, you would make 121 monthly payments of \$100.00 and one final payment of \$77.10.

9. Fees & Charges

To open and maintain a line of credit, you must pay us the following fees:

a) Direct Fees*: None

b) There are certain fees to third parties required to open a line of credit. These fees will be waived for this promotional loan program.

The third party fees will be waived providing the line of credit remains open for a minimum of 36 months from the date of the loan. If the line of credit is paid off and closed within the first 36 months you will be required to pay the third party fees in addition to any fees required to reconvey the security on the loan.

10. Hazard Insurance

You must maintain hazard insurance coverage on your home naming us as the loss payee and insuring the property against loss or damage from fire and other perils. You must also maintain flood insurance if your property is located in an area designated as an area having special flood hazards. The proceeds of any insurance policy on the property, whether or not required by us, shall be applied solely to repairs of the property or repayment of the loan.

*All fees paid in connection with the application will be refunded if, within 3 days of receiving this disclosure and the home equity brochure (or if the disclosure and brochure have been mailed to you, then within 6 business days after the mailing), you decide not to enter into an agreement with us.

No lender shall require a borrower, as a condition of receiving or maintaining a loan secured by real property, to provide hazard insurance coverage against risks to the improvements on that real property in an amount exceeding the replacement value of the improvements on the property.

11. Tax Deductibility

You should consult a tax advisor regarding the deductibility of interest and charges for the credit line.

12. Initial Fixed/Variable-Rate Feature

The initial ANNUAL PERCENTAGE RATE on loan advances initiated during the first (6) six months of the loan will be at a fixed rate. The initial rate will be in effect for six (6) months from the date of the loan. Following this initial six (6) month period, the balance remaining will be subject to the fully indexed value, plus the margin. For any balance remaining after the initial six month period, and any subsequent loan advances after the initial 6 month period, the ANNUAL PERCENTAGE RATE cannot increase or decrease by more than six percentage points (6%) in any one year period. The initial ANNUAL PERCENTAGE RATE is not based on the Index or Margin used for the later rate adjustments. Subsequent loan advances after the initial 6 month period will not be subject to the initial fixed ANNUAL PERCENTAGE RATE and the ANNUAL PERCENTAGE RATE will revert to the fully Indexed value, plus the Margin.

After the initial 6 month period, the line of credit has a variable-rate feature, and the ANNUAL PERCENTAGE RATE (corresponding to the periodic rate) and the minimum monthly payment (number of payments) can change as a result. The ANNUAL PERCENTAGE RATE includes only interest and no other costs. The ANNUAL PERCENTAGE RATE is based on the value of an Index. The Index is defined as the Prime Rate "Index" as regularly published in the "Money Rates Table" of the Wall Street Journal plus .74% for FICO credit score of 720 or higher. When a range of rates is published, the highest rate will be selected. To determine the ANNUAL PERCENTAGE RATE that will apply to your line of credit, we add a Margin to the value of the Index. The Margin will be based on your credit rating.

Ask us for the current Index value, Margin, discount, rate limitations and ANNUAL PERCENTAGE RATE. After you open a line of credit, rate information will be provided on a periodic statement that we send you.

13. Rate Changes

The initial ANNUAL PERCENTAGE RATE will be in effect for six months from the date of the loan. Following the initial rate period, the ANNUAL PERCENTAGE RATE may change on a Change Date. The ANNUAL PERCENTAGE RATE can change on the last day of each month. There is no limit on the amount by which the rate can change in any one (1) year period.

The ANNUAL PERCENTAGE RATE cannot increase by more than six percentage points (6%) above the initial rate and cannot decrease by more than one half of one percentage point (.50%) below the initial rate. Ask us for the specific rate limitations that will apply to your line of credit.

14. Maximum Rate and Payment Example

During the Draw Period if you had an outstanding balance of \$10,000.00 the minimum monthly payment at the maximum ANNUAL PERCENTAGE RATE of 9.99% would be \$100.00. This ANNUAL PERCENTAGE RATE could be reached in the 1st year. During the Repayment Period if you had an outstanding balance of \$10,000.00 the minimum monthly payment at the maximum ANNUAL PERCENTAGE RATE of 9.99% would be \$107.40. This ANNUAL PERCENTAGE RATE could be reached in the 1st year of the Repayment Period.

15. Historical Example

The following table shows how the ANNUAL PERCENTAGE RATE and the minimum payments for a single \$10,000 credit advance would have changed based on changes in the Index over the past 15 years. The Index values are from July of each year. While only one payment option per year is shown, payments could have varied during each year. The table assumes that no additional credit advances were taken, that only the minimum payments were made, and that the rate remained constant during each year. It does not necessarily indicate how the index or your payments will change in the future. The margin disclosed is one used recently.
